

Rize ETF Chooses Foxberry As Index Provider For Range Of New Thematic ETFs

London, 16 February 2020 – Rize ETF, Europe’s first specialist thematic ETF issuer, has chosen the London based index provider Foxberry Ltd as its index provider for its new suite of thematic ETFs.

Jason Kennard, Co-Founder of Rize ETF added: *“We have chosen Foxberry to help us develop new and ground-breaking indices. Not only do they have an exceptionally advanced indexing platform, but they have positioned themselves as a great partner as we think about the next wave of thematic.”*

Henrik Brunlid, CEO of Foxberry commented: *“Thematic investing is continuing to grow, and these are investment themes which require purpose-built investment strategies that can stand the test of time. We are excited to be working with Rize ETF to enable their new thematic offerings.”*

About Rize ETF

Rize ETF is Europe’s first specialist thematic ETF issuer. We are committed to challenging orthodoxy and providing investors with seamless access to the most ground-breaking megatrends shaping our planet. At Rize ETF, we believe there’s a better way to invest in the future. Our ETFs provide investors with unprecedented access to the megatrends that are transforming our world. We believe we’re pioneering a new way of investing, one that enables investors of all stripes to generate long-term returns whilst staying on the right side of history.

About Foxberry

Foxberry are an independent index administrator with state-of-the-art index management, structuring, analysis and technological capabilities typically only found within top-tier investment banks. Foxberry is authorised and regulated by the FCA and registered under the EU benchmark regulation.
